

## Off-Site Print Management & Remote Work

*ActiveXCHANGE + ActiveFORMS + ActivePRINT*

### Allow Your Healthcare Staff to Work from Home!

We can analyze your paper and fax-based workflows and offer alternatives that allow your associates to work from home. Your team can do so in a HIPAA-compliant, secure environment that provides you with complete oversight and review of their work. We'll help you determine which areas your organization should target in order to make the biggest impact.

### Benefits of Moving Non-Essential Healthcare Staff Off-Site

- ✓ **Improve recruitment, retention, and employee satisfaction**
- ✓ **Limit the number of people on-site, especially in light of the COVID-19 crisis**
- ✓ **Estimated savings of \$10K per year per worker**

### Our Solutions Offer:

- Full transparency
- Controlled access to PHI
- Complete audit trails
- Elimination of intermediate hard copies/storage of paper forms
- Encryption of all information at all times
- Productivity monitoring for real-time oversight
- Assessment of workflows and user tasks/activities to identify and automate redundant actions
